

TECHNICAL DATA SHEET

SX SUPERGLUE DEBONDER

SX Superglue Debonder is a fast acting liquid that works on cured cyanoacrylate superglue.

USES

For the removal of cured cyanoacrylate superglue from substrates and surfaces. To free bonded or accidentally bonded articles. Can also be used to clean up nozzle tips on superglue bottles.

PACKAGING: 30ml bottle, packed 1 x 10

APPLICATION

Using the brush apply SX Superglue Debonder onto the cured superglue. Allow sufficient time for the liquid to penetrate the superglue. This may need to be repeated on thicker applications. Rub the softened superglue with a cloth to remove it from the treated surface.

HEALTH & SAFETY

HARMFUL

Harmful if swallowed. Irritating to eyes. Avoid contact with skin and eyes. Wear suitable gloves and eye/ face protection. If swallowed, seek medical advice immediately and show this container or label. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Safety data sheet available for professional user on request. It is the user's responsibility to dispose of all packaging correctly.

LIMITATIONS

Do not use to remove superglue from the face or eyes. Can be used sparingly to free accidental skin bonding of fingers. If used to free bonded skin, skin must be wash immediately after use. Always carry out compatibility test on substrates as not suitable for use with some plastics.

SX SUPERGLUE DEBONDER TECHNICAL DATA SHEET CONTINUED**LIABILITY**

The information given is the result of our tests and experience and is believed to be accurate and reliable. However, as Siroflex Limited cannot know all the uses its products may be put to, and as application methods are out of our control it is the users responsibility to determine suitability of use.

STORAGE

Store in a cool, dry, well ventilated area. Shelf Life 12 months.
