HEALTH & SAFETY

EXTREMELY FLAMMABLE

Do not breathe aerosol. Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point. Use only in well-ventilated areas. Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 50°C. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Keep away from sources of ignition - No smoking. Buildup of explosive mixtures possible without sufficient ventilation. Keep out of the reach of children.

LIMITATIONS

As the composition of textile fibres can vary especially with regard to the colouring, it is advisable to conduct a tolerance test on a concealed spot first. Without adequate ventilation formation of explosive mixtures are possible, especially on the ground. Large furniture parts should, if possible, be cleaned in the open air.

LIABILITY

The information given is the result of our tests and experience and is believed to be accurate and reliable. However, as Siroflex Limited cannot know all the uses its products may be put to, and as application methods are out of our control it is the users responsibility to determine suitability of use.
